Identical letters dated 12 April 2018 from the Permanent Representative of Israel to the United Nations addressed to the Secretary-General and the President of the Security Council

I am writing to inform you of Lebanese violations of Security Council resolution 1701 (2006), as well as breaches of Israeli sovereignty, during the months of January, February and March 2018. A comprehensive list of these violations is detailed in annexes I to III to the present letter.

As outlined in the present letter, as well as in previous letters that I have sent, Lebanese violations of Security Council resolution 1701 (2006) are daily occurrences. Despite their visibility and frequency, the vast majority of these violations are consistently excluded from the Secretariat's reports.

I trust that forthcoming reports of the Secretary-General on the implementation of resolution 1701 (2006) will reflect these ongoing violations and demand that the Lebanese Government abide by its commitment under resolution 1701 (2006).

I should be grateful if you would have the present letter and its annexes distributed as a document of the Security Council.

(*Signed*) Danny **Danon**
Ambassador

Identical letters dated 12 April 2018 from the Permanent Representative of Israel to the United Nations addressed to the Secretary-General and the President of the Security Council

I am writing to bring to your attention Syrian violations of the Agreement on Disengagement between Israeli and Syrian Forces, as well as breaches of Israeli sovereignty during the months of December 2017 and January to March 2018. A comprehensive list of those violations and breaches is contained in annexes I to IV to the present letter.

As outlined below, Syrian violations of the Alpha line and armed presence in the area of separation are daily occurrences. Despite their clear visibility and the fact that the Israel Defense Forces regularly inform the United Nations Disengagement Observer Force (UNDOF) of those violations, such information is consistently excluded from reports of the Secretariat.

Israel is fully committed to the implementation of the Agreement on Disengagement between Israeli and Syrian Forces and the relevant Security Council resolutions, as is demonstrated by the reports that the Israel Defense Forces continuously supply to UNDOF. Syrian violations of the Agreement on Disengagement only serve to increase tensions in an already volatile region. Therefore, it is imperative that the upcoming report of the Secretary-General on the activities of UNDOF accurately represent the situation on the ground and demand that the Syrian Government abide by the 1974 Agreement on Disengagement. I trust that the forthcoming report will reflect those ongoing violations, as well as Israel's commitment to the successful implementation of the Agreement on Disengagement.

I should be grateful if you would have the present letter and its annexes distributed as a document of the Security Council.

(*Signed*) Danny **Danon**
